Stormwater June 26 Meeting Notes.doc

Stormwater Tech Team -

Here are the meeting notes from the last call. I just tried to capture where we are at regarding the written comments received as of that point in time. For tomorrow we will try to get resolution on the remaining items from last time plus Kristine's new written comments.

Thanks.

Carl

Subject: Reminder Stormwater Technical Team Call July 3 at 9 am

Stormwater Technical Team -

This is just a reminder that we are having a call on July 3 from 9 am to noon. We will try to work our way through the remaining comments. Assuming I get Exec. approval, I will be sending around tomorrow my meeting notes from last time. Thanks.

The call in number for July 3rd is:

Non Responsive

Thanks.

Carl

Subject: June 26 9 am Stormwater Tech Team Call

Stormwater Tech Team -

This email is to confirm our group call on June 26 starting at 9 am and going approximately to noon (or as needed). Please use the following call in number:

Non Responsive

The main agenda items are:

1) to go over additional DEQ comments, which Karen

indicated are probably likely

2) discuss EPA comments, if any.

The idea is to agree on any revisions to the methods before the call ends so that we can move forward with the full stormwater loading analysis.

Thanks.

Subject: RE: Next Stormwater Technical Team Meeting

Kristine - I will provide a conf. call number. It is usually a good excuse to provide reminder a few days prior to the call date.

Thanks.

Technical Team	Meeting

Stormwater Technical Team -

It looks like the best time for our next conference call is June 26th from 9 am to noon. Let's assume it's a conference

call (instead of a meeting) unless major issues come up. I will keep you posted regarding any changes in status once comments start to come in.

Thanks much.
